RE: Celsius Network LLC
No. 22-10964

Chief Judge Martin Glenn
US Bankruptcy Court
Southern District of NY

Dear Judge, I have 22.43053 Bitcoin
and 171.934290 Ether frozen in Celsius
in their earn account.

I think that Celsius should
be sold or liquidated. They clearly
mismanaged my funds with poor risk management
and poor selection of investments. At the very
least the management should be replaced.

My limited knowledge of companies
using Chapter 11 to rebuild themselves
include airlines and car companies.

There are many other crypto exchanges
so they are not needed. Also we
all were fooled by their false claims
about the safety of our funds. We
were a fool once why would anyone
give these liars more money. There
trust as an exchange - is gone.

1. The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom. The author discusses the various models of the atom, from the classical model of a central nucleus surrounded by a cloud of electrons, to the modern quantum mechanical model. The author also discusses the various experimental methods used to determine the structure of the atom.

The first thing I noticed when I stepped
 out of the car was the cold. It was a
 sharp contrast to the warm blanket of the
 car. I shivered slightly, but then I
 remembered that this was the first time
 I was alone in a new city. I took a deep
 breath and walked towards the entrance of
 the hotel. The lobby was dimly lit, with
 a few people standing near the reception
 desk. I approached the desk and asked for
 my room. The clerk smiled and handed me
 the key. I thanked her and walked towards
 the elevator. As I stepped out, I noticed
 the sound of the city. It was a mix of
 honks, sirens, and the chatter of people.
 I felt a sense of excitement and nervousness
 at the same time. This was my chance to
 explore a new world. I took a deep breath
 and walked towards the street.

So I would
have the company bought out
or liquidated.
